1. For the Tenant's remaining cost in limestone. The Tenant's remaining cost shall be calculated by depreciating the Tenant's net cost at the rate of **25 percent annually**.

2. For the Tenant's cost of soluble phosphate (P_2O_5) and potash (K_2O) fertilizers applied on crops harvested for grain in the last year of this lease minus the amount of these plant food elements, valued at the same rates, contained in the Tenant's share of these crops.

E. Land use in last year of lease. If, during the last six months of the lease term, or after notice to terminate has been given if this lease has become a year to year lease, the parties fail to agree on questions of land use, cropping system, fertilizer applications, or any deviations from the lease provisions, then the specific agreements in this lease shall prevail or, in the absence of agreements in the lease, the Lessor shall decide and the Tenant agrees to abide by the Lessor's decisions. The Lessor's decisions shall not contradict any provisions in this lease or violate good farming procedures.

F. Conservation. Both Lessor and Tenant affirm the goals of minimizing soil erosion losses and preserving the productivity of the land in ways that are consonant with their needs and desires for acceptable current returns to their individual inputs on the leased premises. To these ends they agree to implement as far as possible the best management practices recommended by the Natural Resource Conservation Service and to cooperate with that agency's soil and water conservation programs.

G. Tenant responsible for hired labor. The Tenant shall be solely responsible for all employer obligations on hired labor with respect to safety requirements and social security and workers' compensation contributions, and the Lessor shall have no responsibilities therefore.

H. Other management agreements:

Section 6. Default, Possession, Landlord's Lien, Right of Entry, Mineral Rights, Liability, Extent of Agreement

The Lessor and Tenant agree to the following provisions. (Strike out any not desired.)

A. Termination upon default. If either party fails to carry out substantially the terms of this lease in due and proper time, the lease may be terminated by the other party by serving a written notice citing the instance(s) of default and specifying a termination date of 90 days from the date of such notice. Settlement shall then be made in accordance with the provisions of Clause B of this section, the reimbursement agreements of Section 5, and any amendments to this lease.

B. Yielding possession. The Tenant agrees at the expiration or termination of this lease to yield possession of the premises to the Lessor without further demand or notice, in as good order and condition as when they were entered upon by the Tenant, loss by fire, flood, or tornado, and ordinary wear excepted. If the Tenant fails to yield possession, the Tenant shall pay to the Lessor a penalty of \$ _____ per day or the statutory double rent, whichever is less, for each day the Tenant remains in possession thereafter, in addition to any damages caused by the Tenant to the Lessor's land or improvements, and said payments shall not entitle the Tenant to any interest of any kind or character in or on the premises.

C. Landlord's lien. The Landlord's lien provided by statute on crops grown or growing, together with any other security agreement(s) created by Tenant in favor of Landlord, shall be the

security for the rent herein specified and for the faithful performance of the terms of the lease. The Tenant shall provide the Lessor with the names of persons to whom the Tenant intends to sell crops grown on these premises at least 30 days prior to the sale of such crops. A lesser period may be allowed by mutual written agreement. Tenant consents to any filing required by law to perfect the statutory landlord's lien upon crops. If the Tenant fails to pay the rent due or fails to keep any of the agreements of this lease, all costs and attorney fees of the Lessor in enforcing collection or performance shall be added to and become a part of the obligations payable by the Tenant.

D. Landowner's right of entry. The Lessor reserves the right personally or by agents, employees, or assigns to enter upon the premises at any reasonable time to view them, to work or make repairs or improvements thereon, to care for and dispose of the Lessor's share of crops, to develop mineral resources as provided in Clause E below, or, after constructive notice has been given that the lease may not be extended, and following severance of crops, to plow and prepare a seed bed, apply fertilizers, and any other operation necessary to good farming by the succeeding operator, these operations not to interfere with the Tenant in carrying out the regular farming operations.

E. Mineral rights. Nothing in this lease shall confer upon the Tenant any right to minerals underlying the land. Such mineral rights are hereby reserved by the Lessor together with the full right to enter upon the premises and to bore, search, excavate, work, and remove the minerals, to deposit excavated rubbish, to pass over the premises with vehicles, and to lay down and work any railroad track or tracks, tank, pipelines, power lines, and structures as may be necessary or convenient for the above purpose. The Lessor agrees to reimburse the Tenant for any actual damage the Tenant may suffer for crops destroyed by these activities and to release the Tenant from obligation to continue farming this property when development of mineral resources interferes materially with the Tenant's opportunity to make a satisfactory return.

F. Landowner liability. The Tenant takes possession of the leased premises subject to the hazards of operating a farm, and assumes all risk of accidents personally as well as for family, employees, or agents in pursuance of farming operations, or in performing repairs on buildings, fences, tile, and other improvements.

G. Binding on heirs, etc. The terms of this lease shall be binding on the heirs, executors, administrators, and assigns of both Lessor and Tenant in like manner as upon the original parties.
